# College is for anyone.

The GMIT Connect team runs a variety of activities and schemes to help young people gain access to, and succeed in, higher education.

## Who we work with

The GMIT Connect team works with schools and communities to support students in their journey towards third-level education, regardless of their circumstances or background.

## Preparing students for college

We support school leavers and adult learners to prepare for, apply to, and succeed at college.

Talk to us to organise activities such as:

- School talks
- In-school programmes
- Career workshops
- Campus visits
- Bespoke activities – come to us with ideas!

## Supporting students in college

Once students join the GMIT community, we can put supports in place.

For example:

- Student Mentoring
- Financial Supports such as the Student Assistance Fund
- Supports for students with physical, sensory or specific learning difficulties
