

To recruit our students and alumni, please see the below options:

1. Use our Home Page (gmit.hosco.com) and simply click on 'Recruit our talents.' Fill in the required fields before clicking on 'Submit my job offer'.

2. Is your company not registered yet? You may register yourself (as a company) directly through the following link: <https://www.hosco.com/en/company-register/signup> in order to post a targeted job offer for our School only.

- Follow the steps and complete the required fields in order for your company profile to be created.
- Do ensure you fully complete your profile in order to attract as many candidates as possible.

Once all information has been completed, note that it will take 24 hours for the Hosco team to evaluate the account in order to avoid any duplicates. They might give you a call if they have any questions.

- As your account is approved, it will be live on the platform and you will be able to post a targeted job to the school of interest: GMIT Galway International Hotel School.

N.B Should you wish to access to further services offered by Hosco, the Industry Relations team will be more than happy to negotiate preferential rates with you and support you in your recruitment strategy.

3. Is your company already registered on Hosco? If so, you may post a targeted job offer to our school (please click on target job offer and find our school).

Thank you and we hope to increase our collaboration in the future.
